Annual Report for 1906.

THE Board of Management have the honour to submit their Report for the year 1906.

Work.—The number of persons who were relieved by the Hospital, 54,552, was greater than in any previous year. Compared with 1905 the number of In-Patients was two less, viz.: 4,296 against 4,298; Out-Patients 585 more—25,041 against 24,456; Casualties 793 more—23,856 against 23,063; and Maternity Patients 75 less—1,045 against 1,120. The new Department for Therapeutic Inoculation treated 314 Patients.

The average number of beds occupied daily during the year was 253·2 compared with 254·1 during 1905.

Finance.—Financially the year under review has not been satisfactory. Despite substantial reductions in expenditure, to which the Board refer later on, the year closed with **a deficit of £4,517.**

Income.—The chief features of the Income of the year, as compared with that of the previous year, are a decline of nearly £1,000 in the amount of dividends, resulting from the large sale of investments in the preceding year, and a diminution of nearly £3,600 in legacies. These sums, as a matter of fact, exceed the deficiency mentioned in the last paragraph. The only other point worthy of comment is a gratifying though small increase in the amount of annual subscriptions, which, standing at £4,888 13s. 5d. in 1905 amounted last year to £5,018 3s. 0d.

Expenditure.—Under every head of Expenditure save one, “Appeals,” which shows an increase of £159 6s. 7d., the figures are lower than in 1905. On the whole expenditure, Ordinary and

Extraordinary, the reduction amounts to £2,540 18s. 7d. Of this, however, £1,317 is in Extraordinary Expenditure, and results from the simple fact that the necessity to incur Special Expenditure has not arisen. The important comparison is between the Ordinary Expenditure of the two years, which shows **a saving in 1906 of £1,223 13s. 1d.** For the attainment of this very satisfactory result, which the Board are happy to say has not been achieved by any sacrifice of efficiency or of comfort to the patients but on the contrary has been attended by improvement in both respects, they are greatly indebted to the co-operation of the Members of the Honorary Medical and Surgical Staff to whom they take this opportunity of recording their hearty thanks.

The result of these economies is a diminution of the average cost per bed per annum, which now stands at £83 12s. 11d. compared with £88 13s. 2d. in 1905, and £100 13s. 2d. in 1904.

The average cost per occupied bed in St. Mary's Hospital is now almost the lowest among the general Hospitals of London.

The Board in recording these progressive reductions in expenditure are pleased to be able to announce that those they effected in 1905 have met with recognition from the Authorities of King Edward's Hospital Fund, who, in forwarding their Annual Grant in December last made the following comment: **"The Committee are pleased to see the considerable reduction in expenditure per bed at your Hospital."**

Changes in the Board and Honorary Medical and Surgical Staff.—The annual election of the Board took place as usual at the quarterly Board of Governors in June. The ordinary Members retiring by rotation were Colonel Blair, Mr. M. P. Christie, Mr. R. H. Foà, Mr. W. Austen Leigh, and Mr. E. Parker Young. Rev. Marcus Rainsford and Mr. H. H. Kenyon, who had been elected to fill vacancies during the year, also retired. All these gentlemen, being eligible, were re-elected.

The following gentlemen were elected Medical Members for the ensuing year:—Dr. H. A. Caley, Mr. H. S. Collier, Dr. William Hill, Dr. Lees, Dr. A. P. Luff, Mr. J. E. Lane, Mr. A. J. Pepper, and Dr. Sidney Phillips.

At the first meeting of the Board after the annual election, Mr. H. A. Harben, L.C.C., and Mr. James R. Mellor were re-elected Chairman and Deputy-Chairman respectively.

The Board regret to announce the death, on 30th November, of Mr. Edward Smith, who had been a Member of the Board for many years. Shortly before his death Mr. Edward Smith had been elected a Vice-President in recognition of his long association with the administration of the Hospital.

The Surgical Staff sustained a heavy loss during the year by the retirement of Mr. Herbert W. Page from the post of Surgeon, on the completion of the limit of service prescribed by the laws of the Hospital, viz., twenty years. In recognition of the great services rendered by him during this time, and previously for ten years as Surgeon in charge of out-patients, Mr. Page was elected Consulting Surgeon.

In addition to his eminent services as a member of the Staff, Mr. Page, throughout his connection with the Hospital, took a regular and prominent part in its administration as a member of the Board. In the hope of ensuring the continuance of his valuable counsel and assistance, Mr. Page was elected a Vice-President, which gives him a permanent seat on the Board.

The vacancy in the office of Surgeon was filled by the promotion of Mr. H. S. Collier, Senior Surgeon in charge of out-patients, whose place on the Out-Patient Staff was filled by the election of Mr. S. Maynard Smith.

The Board record with great regret the death in November of Mr. H. Howard Hayward, Consulting Dental Surgeon. Mr. Howard Hayward was for many years Dental Surgeon to the Hospital, from which position he retired in 1891.

Honorary Vice-Presidents.—The Board refer with great pleasure to the election during the year to the dignity of Honorary Vice-President of two ladies who have been distinguished for their generous support of the Hospital, Mrs. Benyon and Mrs. Thomas Wharrie. Mrs. Benyon's great interest in the welfare of the Hospital is of long standing and has been again

manifested during the year by the endowment of a bed in Manvers Ward in memory of her daughter the late Mrs. Wingfield. Mrs. Thomas Wharrie is a new friend whose munificent gifts to the Hospital and Medical School have been of incalculable service at a time of great financial strain. The thanks of the Board are most gratefully offered to both ladies.

Nursing.—The efficiency of the Nursing Staff has been well maintained during the year.

The Board report with great regret the retirement from the post of Matron of Miss E. M. Medill after more than 21 years' good and faithful service. In making this announcement the Board desire to record their appreciation of Miss Medill's high character, her long and faithful service, and her single-hearted devotion to the Hospital and its patients, in recognition whereof they have granted her a retiring allowance of £100 a year.

Shortly after Miss Medill relinquished the duties of office, her many friends among the Members of the Board and Staff, and past and present Sisters and Nurses and other colleagues, presented her with a Testimonial expressive of their regard and esteem. The Presentation took place in the Board room on 1st November in the presence of a large and representative gathering. The Chair was taken, in the unavoidable absence of the Chairman, Mr. H. A. Harben, L.C.C., by Mr. James R. Mellor, Deputy-Chairman; and the Testimonial—which consisted of two Albums, one containing the autographs and the other the photographs of past and present Nurses and other colleagues, a Silver "Cashel" bowl bearing an inscription, and a purse of gold containing £281—was presented by Captain G. A. Webbe, Treasurer, and Mr. G. A. Byron, Chairman of the House and Finance Committee. It was a most interesting and impressive occasion, and a fitting close to Miss Medill's long and honourable official connection with St. Mary's Hospital.

The Vacancy in the office of Matron created by the retirement of Miss Medill has been filled by the appointment of Miss M. E. Davies, Matron of Queen Charlotte's Lying-in Hospital, and formerly Assistant Matron of University College Hospital.

The Ladies' Association.—Both the Ladies' Associations have rendered good services to the Hospital in providing liberally throughout the year gifts of linen and clothing for use in the Wards, and on the last day of the year, Mrs. Lees handed the Secretary a cheque for £500 collected by the Ladies' Association, for the Endowment in perpetuity of a Cot in the De Hirsch Ward, to be named the Ladies' Association Cot.

The Board cannot adequately express the gratitude they feel to Lady Dimsdale, Mrs. Harben, and the ladies associated with them, for the great work they have done and are doing for St. Mary's.

The Trustees of the **Hospital Convalescent Home, Parkwood**, Swanley, Kent, have continued during the year to place 15 beds at the disposal of the Board for the benefit of patients of St. Mary's Hospital. Full advantage has been taken throughout the year of this valuable provision, 207 of our patients having spent 19 days, or more, at the Home. It is impossible to over-estimate the value to the Hospital of these 15 beds for convalescent patients, and the Board repeat the grateful thanks they have expressed in previous Reports for it. Without these beds the great majority of these patients would have had to return direct to their own homes on their discharge from the Hospital, to resume their avocations in an enfeebled state.

The London Needlework Guild has again repeated its welcome gift of a large parcel of warm clothing, which it has now generously contributed at Christmas for so many years. The grateful thanks of the Board are given to the Guild for the continuance of this most valuable gift.

The Parks Committee of the London County Council have continued during the past year the valuable supplies of fine fruit for distribution among the patients, which have been sent for several years. This kindness has been very much appreciated by the patients, and is most gratefully acknowledged.

The Board sincerely thank **The Flannel Shirt Club** for the supply of men's flannel shirts again kindly sent to the Hospital, and desire to express their appreciation of the humane work in which the members of The Flannel Shirt Club are engaged.

The Ladies of the Flower Mission have continued their efforts to cheer the patients in the Hospital by visiting and singing to them, and by contributing flowers to brighten the wards. This kindness the Board acknowledge with gratitude.

St. Mary's Soup Kitchen has during the year continued its most useful work of supplying nourishing food to many of the Out-Patients. It frequently happens that it is food rather than medicine that Out-Patients require, and the Kitchen therefore meets a very real want.

Enquiry.—The system of enquiry into the circumstances of Out-Patients, established in 1898, with the view of preventing abuse of the Charity by those able to pay for the treatment they require, has been continued throughout the year.

Of 25,041 Out-Patients in the Medical, Surgical and Special Departments, 1,441 were selected as calling for enquiry, and of that number investigation showed 79 only to be unsuitable, a number equal to '31 per cent. of the total number of patients in all departments.

Enquiry into the circumstances of In-Patients, commenced in 1904, has been continued during the year 1906. The circumstances of all patients admitted to the wards have been systematically submitted to a cursory examination, and where this indicated that a more thorough enquiry should be made, it has been carried out. The result confirms the belief that the number of persons in a position to pay for the treatment they require, who gain admission to the Wards, is inappreciable.

The Medical School.—During the year the routine work of the Medical School has been maintained at a high standard, the pass results at the Universities and Examining Board have been satisfactory, and Honours distinctions, notably at the Intermediate and Final M.B. examinations of the University of London, have been conspicuous.

The proposal to concentrate the teaching of the Preliminary and Intermediate Medical subjects at a University Institute of Medical Sciences at South Kensington has again been under consideration, and it was decided not to participate in the proposed scheme, but that the Medical School should continue to maintain, as hitherto, complete courses of instruction for the entire Medical Curriculum.

The recent election of representatives of the Faculty of Medicine on the Senate of the University of London has proved that the majority of teachers in the Metropolitan Medical Schools hold similar views, and are opposed to the proposed concentration of Preliminary Scientific and Intermediate Medical teaching at South Kensington.

Within the last few months some useful improvements have been effected in the Physics Department; the re-organisation of the Department of Pathology and Bacteriology in order to cope with the greatly increased work of this Department and of its offshoot, the Inoculation Department, has also been undertaken, and the new arrangements will shortly come into operation.

During the year fresh evidence has been forthcoming of the extending influence of the Medical School in many directions; an instance of this is the fact that according to the last return the Hospital is represented by 146 former students in the Naval and Military Medical Services, 64 holding commissions in the Royal Army Medical Corps, 46 in the Indian Medical Service, and 36 in the Medical Service of the Royal Navy.

Further, in the Services, as in other spheres, year by year more important posts, medical and scientific, are filled by distinguished former students, of which the appointment by the Royal College of Physicians of Major Leonard Rogers, M.D., F.R.C.P., I.M.S., as Milroy Lecturer for the current year may be cited as an instance.

Before quitting the subject of the Medical School, the Board think it is well that the Governors and Subscribers of the Hospital should know that it is not subsidized by the Hospital, nor is any payment made by the Hospital to it. At the same time it cannot

be too widely known that the Medical School, which from the foundation of St. Mary's Hospital has, to quote the words of the original code of laws, been "an essential appendage to the Hospital," and without which the prestige of the Institution would be lowered, is maintained with difficulty. Indeed but for the generous help given to it during the past few years by Mrs. Thomas Wharrie and our Chairman Mr. Harben, its financial position would now be most serious.

The Board desire that it shall be known that the Medical School is in great need of financial help, and they earnestly invite contributions to its support.

Department for Therapeutic Inoculation.—*History of the work and foundation of the Department.*—As recorded in the Report for 1905, a special department for Therapeutic inoculation was instituted at the end of that year by the Board on the recommendation of the medical staff. It will be remembered that the method of vaccine treatment here in question is one which has been gradually elaborated in the Pathological Laboratory of this hospital by Sir Almroth E. Wright and his assistants, and that the treatment of patients by this method had been carried out during the last three years in the Pathological Department. The results of the treatment had thus been under the observation of the hospital staff for some considerable time.

Staff.—The staff of the department at the outset consisted of a director in medical charge, Sir Almroth E. Wright, and two permanent assistants, Captain S. R. Douglas, I.M.S., and Dr. J. Freeman. To these it was shortly found necessary to add a third permanent assistant, and Mr. J. H. Wells, M.B., was appointed to this position. Further enlargement of the staff being required, a number of temporary appointments were made at the discretion of the director. During the year Doctors Aylmer May (Rhodesia), F. S. Patch (Montreal), von Eberts (Montreal), A. E. Mills (Sydney), G. W. Ross (Toronto), Julian Smith

(Melbourne), A. C. Inman (of St. Thomas's Hospital), and Messrs. J. C. Matthews, M.B., L. Colebrook, M.B., A. Fleming, M.R.C.S., W. Parry-Morgan, M.B., V. C. Cope, M.B., C. A. Pannett, M.B., and H. Holyoak, M.B., all of this hospital, have all for various periods given their whole time to the work of the department, acting as paid or "volunteer" assistants.

Nature of cases and number of patients treated in the department during the year.—The patients under treatment have included in-patients under the care of the medical and surgical staff, and out-patients who have been exclusively under the charge of the staff of the department. The in-patients who have been treated by inoculation, the patients referred to the department for purposes of diagnosis only, and the patients who have not become regular attendants, have not been entered in the special register. That special register, which was only begun on April 1st, 1906, contains the names of 314 patients who have been under regular treatment, involving attendance once in ten days or oftener; these have made an aggregate of 3,024 attendances.

The cases here in question have mostly been sufferers from aggravated tubercular disease. Many of these had already been unsuccessfully treated by operative and other methods, some of them having undergone as many as 12 to 20 operations, and at least two of them no fewer than 40. Comparatively few cases of pulmonary consumption have been treated, these cases being excepted, because of the enormous amount of labour involved in their treatment, and because of the impossibility of keeping them, as would be required in their case, under close observation in hospital for prolonged periods. The cases of non-tubercular disease that have been treated have included many cases of boils, of pustular skin diseases, of cystitis, and of blood-poisoning.

Work done in connection with the patients.—Work done under this heading has included the bacteriological investigation of every patient, the preparation of special vaccines where such were required, and, above all, the blood examinations necessary for the purposes of properly directing the inoculations. The estimations of the opsonic power of the blood which are here in

question, have amounted in the year to some 16,000. Inasmuch as the time occupied in each such estimation is not less than half-an-hour, and since as many as 111 such blood estimations have been made in a day, and as many as 452 in a week, the necessity for the employment of a large staff of workers will be readily appreciated.

Apart from the opsonic estimations, a number of other scientific observations have been undertaken in connection with the treatment of patients. Of these may be particularised estimations of the renal efficacy and measurement of blood coagulation; a large number of these last have been undertaken by a volunteer worker, Dr. Nias.

Research Work.—Throughout the whole year research work has been actively prosecuted in the department. In this all the workers have participated.

Teaching Work.—In addition to the different lines of work already enumerated, the staff of the department has undertaken a large amount of teaching. This has consisted of three courses of systematic lectures and demonstrations given during the year on the Principles and Practice of Therapeutic Inoculation. Also throughout the year personal instruction has been given in the laboratory to medical men desiring to qualify themselves for carrying out this treatment. The number of such laboratory pupils has exceeded a hundred, and has included medical men not only from every part of the Kingdom, but also from Australia, Canada, India, South Africa, New Zealand, Japan, France, Belgium, Germany, Austria, Russia, Sweden, Denmark, Poland Italy, and, above all, from the United States of America. Thus this method of treatment, which originated at St. Mary's Hospital, has been carried throughout the world, and has already taken root in numerous hospital centres in the United Kingdom, the Colonies and the United States of America.

Maintenance.—The very heavy expenses involved in the working of this department have been met without making any demands on the general funds of the hospital, beyond the sum of

£150 for initial equipment of the laboratories. The sources from which the general expenses of the department are defrayed have been the following :—

(1) *Donations made specially to the Inoculation Department.*—These have included a gift of £500 from Mr. John Lyle; a number of donations from medical men or their relatives, given in acknowledgment of professional or instructional services rendered to them by the staff of the department; also—and this is gratifying to report—certain spontaneous donations from patients in grateful acknowledgment of what has been done for them.

(2) Fees received for lectures and for courses of laboratory instruction. These have amounted to nearly £400.

(3) Certain other sums, including £250 relinquished by the pathologist for the endowment of the department. These amounts have been expended in additional salaries, not shown upon the account.

It is a matter for gratification that it has been possible to meet in this manner the heavy expenses, but inasmuch as the work is constantly increasing, further special donations and subscriptions in aid of the department are earnestly desired.

The account, and List of Donations, will be found on pp. 106 and 107.

The X-Ray Department.—This Department is established in two rooms in the Out-Patient Department, the larger of which is used almost exclusively for Treatment cases, and the smaller for the taking of skiagrams and for screen examinations.

It is this latter phase of its work which has been developed especially during the last year, and the fact that nearly a thousand examinations were made in 1906 as compared with about half that number in 1905, is a proof of the extent to which members of the Staff avail themselves of its services.

The treatment side of X-Ray work has not been developed to the same extent, although numbers of treatments are given

daily. Its special successes have been in the direction of the treatment of rodent ulcer and of lupus ; but until funds shall permit of the purchase of further apparatus, and especially of the employment of a skilled assistant who can give his whole time to the department, it will hardly be possible to do very much more in that direction than is being done at present.

In the meantime the present Staff is sufficient to deal with the most urgent work of the Department, namely the Skiagraph examinations and reports, and to undertake a fair number of Treatment cases also.

The Chaplain's Work.—The ordinary work of the Chaplain, viz., the visitation of the Wards and the Chapel and Ward Services, has been carried on as usual throughout the year.

Special Meetings have been held for the Nurses in connection with the Medical Missionary Union : and monthly Celebrations of Holy Communion in Chapel during term for past and present Students of the Hospital. Special Services of music have also been held in Chapel for the Patients during the season of Advent and Lent.

In addition to the Sunday services opportunities are now given to the Nursing Staff for Holy Communion on Saints' days.

The following Special Services were held in 1906 :—

St. Mary's Festival Celebrations, and Sermon by the Rev. Canon Stuart, St. Matthew's, Bayswater ; St. Luke's Festival Celebrations, and Sermon by the Rev. F. Jones, Dean of St. Luke's College ; the Annual Service on Monday, 29th October, with Sermon by the Right Reverend Bishop Montgomery ; the Harvest Festival on Sunday, October 7th, with Sermon by the Rev. N. Newland Smith, Vicar of St. Mark's, Marylebone.

During the seasons of Advent and Lent many of the neighbouring clergy, from whose parishes the patients are mainly drawn, preached in the Chapel.

Mr. Fox, Lay Reader, Mr. Goff, and Miss Sadler, have throughout the year given their valuable help at the Ward

Services, and the Patients have been well visited by the numerous Lady Visitors who have been kind enough to offer their services.

Thanks to the Medical Staff.—The Board express their sincere thanks to the Members of the Honorary Medical and Surgical Staff for their constant attention and kindness to the patients, and their great services to the Hospital during the past year.

In conclusion, the Board refer to the effort which is now being made to raise funds for the completion of the work of enlargement and improvement of the Hospital which has been so long in hand.

The long delay in bringing this urgently needed work to a conclusion sadly hampers the Board in their efforts to maintain and increase the efficiency of the Hospital. **The utmost that economy can do has been done.** A more generous measure of public support is the need of the hour. That it may be forthcoming is the earnest hope of the Board of Management.

Signed on behalf of the Board of Management,

THOMAS RYAN,

Secretary.

17th April, 1907.

EXTRACTS FROM THE LAWS AND REGULATIONS.

EXTENT AND OBJECTS OF THE INSTITUTION.

1. The Hospital contains 281 beds allotted as follows :—

General Medical Cases	...	91	*Ophthalmic Cases	...	...	10
General Surgical	„	46	Skin Cases, 4 ; Aural Cases,			
Accidents	„	65	4 ; Throat Cases, 4 ; Dental			
*Children, Medical	„	16	Cases, 3	...	...	15
*Children, Surgical	„	16	*Isolation Cases	...	...	10
*Obstetric	„	12				281

Special Wards are provided for those cases marked with an asterisk.

GOVERNMENT AND MANAGEMENT.

The mode of Government is by a Board of Management, meeting fortnightly, and consisting of the President, Vice-Presidents, Trustees, and Treasurers, together with twenty-five Governors elected annually, of whom eight are Members of the Medical and Surgical Staff or Lecturers in the Medical School ; and by Standing Committees appointed by the Board of Management.

QUALIFICATIONS AND PRIVILEGES OF SUBSCRIBERS.

Ann. Subscribers of	Donors of	Privileges.
£1 1 0 or	£10 10 0	May recommend 6 Out-patients annually.
2 2 0 „	21 0 0	May recommend 2 In-patients and 12 Out-patients annually.
3 3 0 „	31 10 0	May recommend 3 In-patients and 18 Out-patients annually, and are eligible for Election as Governors.

Subscribers of greater sums are entitled to recommend Patients in proportion to the amount of their subscriptions. Letters are not issued unless expressly desired, as many subscribers do not require them.

Governors have also the right to inspect the Hospital under regulations by the Board of Management, so that they do not exercise that right so as to inconvenience the Chaplain or any Minister of Religion, or the Medical or other officers, or the Patients.

Executors of any considerable benefactor by will are eligible to be elected Honorary Life Governors.

THE MATERNITY.

Annual Subscribers of One Guinea, or *Donors* of Ten Guineas to the MATERNITY FUND, may recommend three Patients annually *to that department*; and so on in proportion to the amount of the subscription.

ADMISSION OF PATIENTS.

Accidents and cases of *urgency* are admitted FREE at all times, on the approval of the Medical Officers.

Persons holding In-patients' letters and desiring admission, must present their letters at the Hospital at 1 o'clock (Sundays excepted). They will be admitted after examination by the Medical Superintendent, if suitable and there is room.

Much inconvenience having occurred in consequence of the arrival of Patients from a distance, without notice, it is requested that Governors and Subscribers sending Patients from places so remote as to preclude easy and cheap communication with the Hospital, will give notice to the Secretary three days before the Patient intends to apply for admission, and send a Medical Certificate stating as fully as possible the nature of the case.

When there is not room for all who apply for admission as In-patients those whose cases are most pressing are accepted, and the others are deferred or prescribed for as Out-patients. Notice of this is sent to the Subscriber, who can then recommend another patient.

The following cases are unsuitable for admission as In-Patients—Confirmed Consumption, Infectious Diseases other than Typhoid Fever, Delirium Tremens, Itch; Incurable Diseases, Chronic Ulcerated Legs more suitable for a Parish Infirmary, and those who are capable of receiving equal benefit as Out-patients. No person capable of paying for medical attendance is admissible. §

VISITING DAYS.—Wednesdays and Saturdays, from 4 to 5, and Sundays, from 3 to 4. Except for urgent reasons visitors cannot be admitted at other times.

Out-patients are attended DAILY (Sundays and Public Holidays excepted). They must present their letters at the Hospital at the following times :—

GENERAL MEDICAL AND SURGICAL CASES—Daily at 1.15 p.m.

DISEASES OF WOMEN—Mondays and Thursdays, at 1.15 p.m.

DISEASES OF THE EYE—Tuesdays and Fridays, at 9.15 a.m.

DISEASES OF THE EAR—Mondays and Thursdays, at 9.15 a.m.

DISEASES OF THE SKIN—Mondays and Thursdays, at 9.15 a.m.

DISEASES OF THE THROAT—Tuesdays and Fridays, at 3 p.m.

DISEASES OF THE TEETH—Wednesdays and Saturdays, at 9.15 a.m.

INOCULATION DEPARTMENT—Mondays and Thursdays, 3.5 p.m.

ORTHOPÆDIC DEPARTMENT—Tuesdays and Fridays, at 9.30 a.m.

CHILDREN'S DEPARTMENT—

Medical—Mondays and Thursdays at 9.15 a.m.

§ The attention of Subscribers is earnestly called to this point, there being reason to fear that persons obtain relief whose position and means should forbid their doing so at the expense of a charity. Due caution in giving letters of recommendation would do much towards checking this abuse.

Governors who are not Annual Subscribers and who have not recently sent a contribution to the Hospital, are invited kindly to consider whether, in view of the exceptional financial difficulty in which the charity is placed, they can see their way to

a. Becoming Annual Subscribers,
(See form of Banker's Order facing page 1),

or

b. Sending a Special Contribution during 1907.

FORM OF BEQUEST.

I give and bequeath to the Treasurers for the time being of St. Mary's Hospital, Paddington, London, W., the sum of..... free of Legacy Duty, to be applied to the general uses of the said Hospital, and I declare that the receipt of the said Treasurers shall be a sufficient discharge for the same,

(This form can be readily adapted to Gifts of Property of all kinds).

LIST OF SUBSCRIBERS NOT GOVERNORS.

SHOWING THE AMOUNT OF SUBSCRIPTIONS AND DONATIONS
PAID DURING THE YEAR, AND OF PREVIOUS DONATIONS.

The Capital Letters L. S. M. X. affixed to the Annual Subscriptions show that they are payable in the Quarter terminating at Lady-day, Midsummer, Michaelmas, or Christmas, as the case may be.

** Donations to the Clarence Memorial Wing Building Fund.*

Subscriptions to the Maternity Fund printed in italics.

Cheques should be drawn in favour of ST. MARY'S HOSPITAL, and crossed LONDON AND COUNTY BANK, PADDINGTON BRANCH.

DRESDEN ASSISTANCE FUND.

FOR ASSISTING NEEDY AND DESERVING IN-PATIENTS ON THEIR
DISCHARGE FROM THE HOSPITAL.

TRUSTEES.

COLONEL BANNERMAN.

HERBERT W. PAGE, Esq

CAPTAIN WEBBE.

SECOND ANNUAL REPORT.

The Dresden Trustees beg to submit their Report for the twelve months ending 30th September, 1906.

The objects to which the Trustees have continued to devote the funds at their disposal are :—

1. Sending Patients to Convalescent Homes.
2. Contributing to the support, during convalescence, of In-Patients who do not go to Convalescent Homes.
3. Giving pecuniary assistance to Patients on discharge.
4. Clothing indigent Patients on discharge.
5. Providing surgical and optical appliances for patients needing them on discharge.
6. Paying fares of Patients to and from Convalescent Homes.
7. Paying fares of Patients to their own homes on discharge from the Hospital.

Special care has been taken to ascertain that Patients are really needy and deserving before assisting them, particularly those in Classes 2 and 3. Enquiries as to their means and character have been made in every case.

The number of Patients assisted under each of these heads during the twelve months from 1st October, 1905, to 30th September, 1906, was:—

Class 1	...	...	...	...	...	122
„ 2	...	...	...	...	...	5
„ 3	...	...	...	...	...	165
„ 4	...	...	...	...	...	45
„ 5	...	...	...	...	...	123
„ 6	...	...	...	...	...	255
„ 7	...	...	..	...	...	472

In addition to the 122 Patients sent to Convalescent Homes at the expense of the Fund, 203 were received free at the Hospital Convalescent Home, Parkwood, Swanley, Kent. The Trustees take this occasion gratefully to acknowledge the great benefit which has thus been conferred on so many Patients of the Hospital by means of the 15 beds which the Trustees of that invaluable Institution have continued throughout the year to place at our disposal. It will be seen that nearly two thirds of the total number of Patients sent to Convalescent Homes, went to Parkwood.

Signed on behalf of the Trustees,

THOMAS RYAN, *Secretary.*

16th November, 1906.

FORM OF BEQUEST.

I give and bequeath to the Treasurers for the time being of **St. Mary's Hospital**, Paddington, London, W., the sum of _____ free of Legacy Duty, to be applied to the general uses of the said Hospital, and I declare that the receipt of the said Treasurers shall be a sufficient discharge for the same.

[This Form can be readily adapted to Gifts of Property of all kinds.]

IMPORTANT.—Property of all kinds, including land of any tenure, and also money lent on Mortgage and the Securities therefor, may, by the Mortmain and Charitable Uses Act, 1891, now lawfully be given by Will to this Charity.
